

ICE FISHING NEAR THE CITY!

Ice fishing? What is it?

Now it is possible to go ice fishing just outside of the city of Oulu or a bit further away. Especially among our foreign friends this rather exotic fishing method has turned out to be very popular. First of all, we will prepare ourselves properly: winter shoes, overalls, bonnets, gloves and thick socks. Back bags ready and off we go!

Am I really on ice?

Give me that ice drill! Hey, it's only 70 cm of ice here! A few drill holes for starters, a worm in the hook and wish me luck with the fish! Who knows, perhaps a whole shoal of perch might be passing by... Our expert guides will tell you while we are ice fishing about traditions of fishing through the ice at the Gulf of Bothnia.

Ice fishing trips are offered in the period of December - April. Fishing trips can be started out at your hotel or meeting location while our guides will meet your team. We will move on to the ice fishing spot together with the guide - and the adventure may begin.

Ice fishing locations cover, for example, Virpiniemi, Oulujoki, Koivuranta, Maikkula, Turkansaari and the arctic Oulu sea.
